### **New Literature from Eriez® Features 5-Star Lift Magnet Certification and Refurbishment Program**

Erie, Pa. — Eriez® 5-Star Service™ Group announces the availability of its new brochure, “Lift Magnet Certification/Refurbishment Program.” The six-page brochure features Eriez’ [Lift Magnet Certification Program](#), Magnet Exchange Program and Magnet Refurbishment Program.

According to the brochure, Eriez’ lift magnets are built in compliance with ASME B30.20 standards—and the Eriez Inspection Program ensures they remain in compliance. Eriez’ procedure includes: inspection of lift magnet surface and resurfacing of poles (if needed), inspection of all other parts, replacement of any missing parts, repair/replacement of all damaged parts, replacement of warning labels and capacity markings, and load testing and certification.

The brochure explains that every magnet repaired by Eriez is returned with a “Certificate of Compliance” which guarantees the repairs and the load test of the serviced magnet comply with ASME B30.20. Eriez Certified repairs also come with a one year “as new” warranty.

The brochure also highlights Eriez’ Magnet Exchange. As part of this Program, customers may be able to get a pre-certified, refurbished SafeHold® Lift Magnet from Eriez’ stock shipped to them within 24 hours of Eriez receiving their magnet for repair.

According to the brochure, to meet the requirements for the Exchange Program, a customer’s magnet must pass Eriez’ two point inspection: 1) load test within specifications and 2) magnet rotor intact and operational. Pre-certified, refurbished magnets ship with a “Certificate of Compliance” and include a one year “as new” warranty.

COMPLIES WITH ASME B30.20

The brochure also describes Eriez' Magnet Refurbishment Program. It explains that if a customer's SafeHold Lift Magnet is not eligible for the Exchange Program, Eriez will refurbish it to "as new" condition and ship it back to the customer within three to five days. The refurbished magnet ships with a "Certificate of Compliance" and includes a one year "as new" warranty.

The brochure goes on to list simple steps customers need to take to get started with Eriez' 5-Star Lift Magnet Certification/Refurbishment Program.

To download "Lift Magnet Certification/Refurbishment Program" in PDF format, go to <http://service.eriez.com> or contact Eriez and request brochure B-103.
