### **Eriez® Offers “Choose and Use Magnetic Separator” Brochure for Easier Selection of Magnetic Separation Equipment**

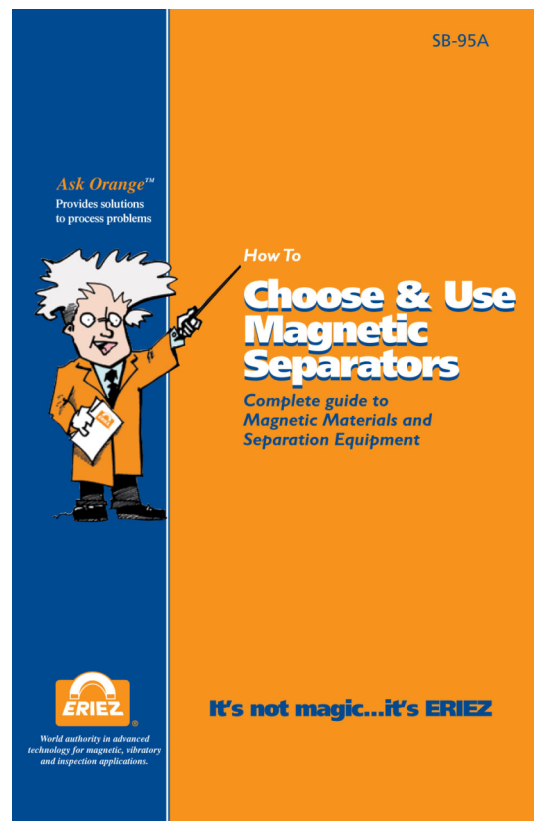

Erie, Pa. — Eriez®, world authority in magnetic, vibratory and inspection applications, now offers a 14-page brochure which helps buyers at industrial companies select the proper magnetic separating equipment for their processing operation.

The brochure is titled, [“How to Choose and Use Magnetic Separators.”](#) and focuses attention on identifying the various magnetic separators offered by Eriez and the proper applications of each when removing ferrous contaminants in an industrial environment. The individual magnetic separators in the brochure include: Plate and Grate Magnets, Liquid Line Traps, Pneumatic Line RF Magnets, Suspended Magnets, Magnetic Pulleys and Drums, and High Intensity Magnets.

Beginning with a magnet material overview, “How to Choose and Use Magnetic Separators” covers various types of materials being processed, numerous magnetic separation techniques, application considerations and the wide variety of magnetic separation equipment available mentioned above.

If you would like to obtain this free brochure in print format, call Eriez toll-free at 1-888-300- ERIEZ (3743) within the U.S. and Canada. The brochure is also available as a free download from the Eriez Web site at <http://en-us.eriez.com/Products/MagneticSeparators/>
